DEEP CREEK DISTRIBUTION SYSTEM

1982 Annual Meeting

The 1982 annual Deep Creek Distribution System Meeting was held Friday, March 5, 1982 in LaPoint, Utah.

Mr. Donald C. Norseth presided as Chairman and opened the meeting at 9:45 a.m. Mr. Norseth gave the water outlook throughout the state and the overall state average was about 130% of average. Moseby Mountain was at 120%.

Mr. Norseth read the minutes from the 1981 meeting and they stood as read.

Mr. Norseth then gave the 1981 financial report: Balance of Distribution Trust Funds as of January 1, 1981 is \$19.82. Assessments and receipts totaled \$5,785.61 and expenditures were \$5,106.20, leaving a balance on hand as of December 31, 1981 of \$699.23. The report stood as read.

Commissioner Richard Perry said that he had not yet been paid his last months pay or travel expenses. He claimed he had sent it in for payment in October. Mr. Norseth said he would review the records and answer his question.

Commissioner Perry responded that there were no major problems on the system other than the Cooks gate which leaks and needs repair. The reservoir had filled three (3) times during the past season.

A discussion ensued on the proposed 1982 budget. Commissioner Perry stated he did not feel the salary was adequate. It was also discussed that the separation of monies paid by the State and Mosby Irrigation Company should be better defined and that trips to Julius Park be distinguished between those paid from Deep Creek against those paid by Mosby Irrigation. Commissioner Perry stated he would produce a log indicating dates and purposes of his trips during the past season.

Commissioner Perry complained that his checks had decreased by half ( $\frac{1}{2}$ ) since the year before from \$160 to \$85-90. every two (2) weeks. Mr. Norseth indicated he would obtain a financial statement from Mr. Richard Pexton, the Distribution Accountant, which would outline all past payments and deductions.

A motion was made by Arvin Wilkerson and seconded by Lance Luck to accept the budget and assessments as 1981. Motion carried.
